

2023 SIRE DIRECTORY

SOURCE

MATTHEW 6:19-21

Family Helping Families

welcome

Welcome to CK6 Source. We appreciate your time in reviewing our sire line up. This line up and stud came about by two points of interest. First, as a consulting company, we wanted to represent and bring value back to our client's programs and businesses. At the same time, we also wanted to represent the selection pressures we believe are needed for genetics to succeed in the marketplace.

We did not want to use a "throw it up on the wall and see if it sticks" approach. EPD profiles that represent the phenotypic genetic expression of the sire is important to us and we believe in these bulls.

We will continue to do the leg work it takes to allow you, the customer, to manage your risk and elevate your potential with sire selection.

This day and age, many genetic decisions are made last minute. We have committed ourselves to service and same day order submissions. In the busy times of the year, shipper tanks can be an issue so please prepare for those delays. Most of the sires are housed at Nebraska Bull Service in McCook, NE and they, along with Vogler Semen Service, have been great partners.

Please feel free to call with any questions or concerns you may have. We plan on being active again in the market this fall and in 2024, so keep in touch through CK6consulting.com or CK6source.com or by contacting one of us. We're excited to highlight our diverse marketing efforts with these sires and genetics.

Sincerely,
Chris, Wes, and Kody

“Do not store up for yourselves treasures on earth, where moths and vermin destroy, and where thieves break in and steal. Store up for yourselves treasures in heaven, where moths and vermin do not destroy, and where thieves do not break in and steal. For where your treasure is, there your heart will be also.

MATTHEW 6:19-21

- \$140,000 sale topper at the 2023 Pine View Angus Sale.
- Incredible phenotype with more base width, hip and top shape than any we have seen in the spring of 2023.
- This bull has an undeniable presence standing at a 6.25 frame with extra length of body and excellent disposition.
- Ranked in the top 1% for PAP, HS, RE, \$B, and \$C.
- Donor Dam, C001, sold 8 sons in the 2021 Pine View Angus sale to average over \$11,000, along with her most notable son, Pine View Raider, who is at SEMEX.

sire WAR Cavalry B063 Z044

- A son of the popular Cavalry who's limited offspring all show excellent phenotype, which can be found in 44 Charge.
- This bull fine tunes growth, carcass and maternal data while ranking in the top 1% for PAP & HS.
- His famous donor dam, Deans Queenie Y120 has a tremendous revenue report on her own progeny along with full sisters. Y120 is -3 for PAP and still stays in the top 2% for \$B & \$C.

Owned by: ZumBrunnen Angus, WY, Mudge Farms, IL

- An excellent calving ease and optimal growth option from a highly maternal and big marbling pedigree.
- The bottom side of this pedigree is lined with some of the highest accuracy donors in the breed.
- This bull could be suited for elevation because he ranks in the top 5% for PAP.
- Omega was the third top selling bull from the 2022 Pine View Angus Sale and is moderate, easy fleshing and thick made.

Owned by: Green Valley Cattle, NE

- The number one \$Maternal son of DVAR Huckleberry in the breed.
- Backed up by a cow family that excels for phenotype and maternal ability. His grandam, GVC Jacee E084, was the lead off female of the historic Green Valley Dispersal as lot one bringing \$23,000 to Bar R in CA. GVC Jacee G206, a sister to GVC Tom Sawyer dam, was a \$37,500 pair in that same dispersal going to Knoll Crest and Woodhill.
- This pedigree doubles down on correctness and structure and eye appeal while still lending great traits for carcass, claw, angle, docility and heifer pregnancy.
